About Us

PT Inovasi Muda Borneo is based in Banjarbaru, South Kalimantan, Indonesia. We are driven by a passion to pioneer innovation and sustainable development in the Borneo region. Our team consists of young individuals committed to local and global economic advancement through responsible and innovative business practices.

About Fruits

We are a company specializing in the supply and distribution of fresh fruits from Indonesia, especially from Borneo. With a passion for showcasing the richness of Indonesia's natural harvests to local and international markets, we provide carefully selected fruits, such as dragon fruit, melon, Montong durian, orange, pineapple, and lanzones (duku)—harvested from the finest orchards. Each fruit is strictly sorted and hygienically packaged to preserve its freshness, taste, and natural quality, reflecting the cultural values and health benefits of Indonesia's unique fruits.
